Other sizes and thickness available on request

Blown Film Properties: Works from additives put into the film which produce a tack. Noisy when being applied. Films also available in colours and blue tint.

Cast Film

Stock Ref	Thickness in microns	Size	Core type
LSF1543R	15	400mm x 300m	Std
LSF1743R	17	400mm x 300m	Std
LSF743RE	17	400mm x 300m	Ext
LSF2043R	20	400mm x 300m	Std
LSF2043RE	20	400mm x 300m	Ext

Cast Film Properties: Works from additives which make the film create a static so that it clings to itself. High clarity and quiet when applied.
