Bates Cargo Pak®

Bates Cargo Pak® Dunnage bags are used to secure your cargo and ensuring that no damage occurs during transit. Bates Cargo Pak® air bags are easy and fast to use. The empty bags are placed in the gaps between the goods and inflated in just a few seconds with compressed air. Their high quality and effective patented valve systems ensure that they keep safe.

Once the goods reach their destination, the air bags can be deflated in a matter of seconds. No time is wasted during unloading and there is no unnecessary environmental costs. Fast, easy and effective.

Various sizes available.

Nomapack Products
